

# NEWTOWN BAKING AND KITCHEN

## ABOUT US:

Located in Staunton, VA, Newtown Baking and Kitchen is a community food establishment that has been in operation for over ten years. We proudly serve organic breads, pastries and coffee, as well as locally-sourced breakfast and lunch. At Newtown Baking and Kitchen, we believe in real food. Food that is grown and raised by our neighbors, nourishes people as well as the Earth, and food that is both served and prepared with care, creativity, and a reverence for the source from which it came. We are excited to partner with Project Grows this year

to help us build on our efforts to provide fresh, affordable, wholesome food to our community.

## WEEKLY BREAD SHARE:

Each week, enjoy (1) “Bakers’ Choice” sourdough loaf fresh out of Newtown’s oven. Expect a delicious rotation of crusty, airy, rustic boules as well as sliced sandwich-style loaves. While the variety of bread may change from week to week, we can guarantee that it will be made with 100% organic flour, naturally leavened and crafted with care. When possible, we support our local grain economy by purchasing select grains and flours from our friends at Wade’s Mill in Raphine and Woodson’s Mill in Lowesville. Your weekly bread share is valued at \$7.00.
